Now sit back and relax – we're processing your application and we'll let you know when it goes to your proposed supervisor for review

Please don't worry if you don't hear back from us right away. With research degrees, multiple people review and decide on your application so it will take some time to come back to you. In the meantime, you may hear from the Admissions team if:

- We need further information in order to assess your application
- You have to complete a Fee Status Questionnaire (FSQ) – this is to help us determine whether you should be treated as a home or international student for fee paying purposes. If you receive an FSQ, you will also be provided with some guidance on how to complete this
